1.0 INTRODUCTION

1.1 The Fine Print

The NCMC Directory and Macintosh Resource Book is a biannual publication of the National Capital Macintosh Club (NCMC). Membership in the NCMC includes a subscription to the NCMC Directory and Macintosh Resource Book.

The NCMC Directory and Macintosh Resource Book is the property of the NCMC, is protected under copyright laws, and may not be reproduced by any means or used for commercial purposes of any kind without the written permission of the NCMC Executive. I can be contacted with respect to this directory at the address listed below.

The NCMC Directory and Macintosh Resource Book is provided free of charge to all members of the NCMC to promote communications between members.

1.2 A Brief History

This is the fourth edition of the NCMC Directory and Macintosh Resource Book published by the NCMC and is the second time that the Macintosh Resource Book has been included with the NCMC Directory. The first two editions were just a directory of all the members of the NCMC.

1.3 The Macintosh Resource Book

The Macintosh Resource Book is a compilation of Macintosh hardware and software experts who are members of the NCMC and who have volunteered their names and phone numbers to be published in this directory under their respective expertise.

The idea is that if you are member of the NCMC and have a problem with a piece of hardware or software, then you would consult the Macintosh Resource Book. Hopefully you will find the hardware or software that you are having a problem with listed. If it is listed, then the NCMC member(s) whose name(s) and phone number(s) is listed under that hardware or software heading will be an expert in that area and hopefully can help you out of your jam.

1.4 Errors and Omissions

I have made every effort to ensure that the information in this directory is accurate. However, if your name, address, and phone numbers are not listed in this directory, then I apologize for the slip. On the other hand, if you have indicated in your membership application or membership renewal forms that you do not wish to have your name, address, and phone numbers to appear in this directory and it did appear, then I apologize again for the slip. In either case, please let me know of the mistake so that I can correct the problem in future editions of this directory. You can write to me or call me at the address and phone numbers listed below. Remember, to err is human, to really screw things up requires a computer.

1.5 Structure of Document

The *Directory and Macintosh Resource Book* is divided into three sections. The first section contains an *Introduction* to the Club. The second section lists all members of the NCMC in *Directory* format. The third section contains the *Macintosh Resource Book.*

The *Directory* of NCMC members is divided into several subsections;

- NCMC Executive,
- NCMC Meetings,
- NCMC Family members
- NCMC Corporate members,
- NCMC Corporate Associate members,
- NCMC Honorary members.
- Apple Canada dealers

Before you start asking questions, Honorary members are other Macintosh User Groups in Canada and the USA. Some of you may not know this, but the NCMC is exchanging its newsletter, the *NCMC Bulletin*, with over 67 other Macintosh Clubs in North America.

This year we have included a listing of Apple Dealers in the Ottawa area, noting those that are members and supporters of the NCMC.

The Macintosh Resource Book is divided into two subsections, namely, the *Hardware subsection* and the *Software subsection*. The NCMC member who is an expert in a particular piece of hardware or software is listed under the appropriate hardware/software headings.

1.6 The Address and Phone Numbers

Production Notes:

Hardware and software used in the production of *the NCMC Directory and Macintosh Resource Book* include a Macintosh IIci, MicroNet 173 MByte MacWren internal drive, Laserwriter NTX, Apple Portrait Display, Claris FileMaker II v 1.1, and Paragon Concepts NISUS v 2.11, which allowed easy formatting and printing in booklet form. Postscript fonts used are Adobe Helvetica and Times. The translation of information from FileMaker II to textural format, editing of the main body of the text and layout was completed by LeRoy Lees.

The cover is an original design by Clifford Crabe, using Adobe Illustrator 88, and includes the NCMC logo which was designed by Bob Kingham.
